

COEUR Symposium

Cardiovascular MRI

Wednesday, October 18, 2006, 13:00 – 17:30

Location:

Erasmus MC Rotterdam, Lecture Hall 3

NVVC-accreditatie: 4 punten

13:00-13:05

Welcome
R.J.M. van Geuns

Theme: Focus on the Myocardium

Chair: *R.J.M. van Geuns and W.A. Helbing*

13:05-13:25

Hypertrophic cardiomyopathy/ myocarditis: Do we need MRI?
B. van Rossum

13:25-13:50

MR Viability: Ready for the bedside?
T. Baks

13:50-14:15

MR cell tracking after myocardial repair by autologous transplantation
(In the bench)
M. Bernsen

14:15-14:35

Quantification of left ventricular function:
How to improve the gold standard
R.J.M. van Geuns

14:35-15:00

MR for right ventricular function. How, when and why
W.A. Helbing

15:00-15:20

Tea break

Theme: Focus on the Vesselwall and beyond

Chair: *G.P. Krestin and P.J. de Feyter*

15:20-15:55

Plaque imaging
A. v.d Lugt

15:55-16:20

Contrast agents for MR plaque imaging
G. Strijkers

16:20-16:45

Cardiovascular Interventional MR
E. Hasselhof

16:45-17:00

Clinical Cardiac MRI starting in the Erasmus MC.
Possibilities and limitations
R.J.M. Geuns and W.A. Helbing

17.00-17.30

Reception
